The Mental Health Services Act (MHSA) was approved by the voters in 2004 as Proposition 63 and has recently launched its second program component entitled: Prevention and Early Intervention (PEI) under the MHSA Health Services Act.

Under this program planning component, Sutter-Yuba Mental Health wants to know what you think about the services to be considered for ***“Children and Youth who are at Risk for School Failure”***. With your assistance, we can plan for the needs of this Priority Population in our bi-county community. So please join us.
