1. Peter provided information about the Families and Schools Together program that he had previously worked with in Sacramento. It was effective in working with Hmong families.
2. Ken suggested that we should limit the number of meetings in the future and perhaps only do one more to present the synthesis of information.
3. I presented information about the youth survey results: Mentoring and Strengthening Families are the highest scores for both Youth and Adults. Also, a school-based program about making good choices and Character Building.
